

Economics Research Library—University of Minnesota

Papers and Reprints (not in our collected numbered Series)

Located in the large tan file cabinet, alphabetical by first author. (If you are off-campus and would like a copy of any of these, please e-mail wendy@umn.edu).

This collection consists of papers never published, reprints not in JSTOR or otherwise widely available, or items by Minnesota faculty and alumni.

Abrams, L.J. A note on the optimal character of the (s, S) policy in the inventory problem. *University of California Publications in Statistics*, 2:9, 1956. 185-94.

Aiyagari, S. Rao. Equilibrium existence in an overlapping generations model with altruistic preferences. Federal Reserve Bank of Minneapolis, January 1988. 36p.

Aiyagari, S. Rao. & Dan Peled. Dominant root characterization of Pareto optimality and the existence of monetary equilibria in stochastic overlapping generations models. Federal Reserve Bank of Minneapolis, March 1988. 42p.

Allen, Beth. Market games with asymmetric information: the core with finitely many states of the world. *Models and experiments in risk and rationality*, Kluwer, 1994, 377-411.

Anctil, Regina M., James S. Jordan and Arijit Mukherji. Activity-based costing for economic value added. *Review of Accounting Studies*, 2, 231-64.

Anderson, T.W. Efficient estimation of regression coefficients in time series. *Proceedings of the Sixth Berkeley Symposium on Mathematical Statistics and Probability*, 1970, 471-82.

Anderson, T.W. Statistical models with disturbances in equations and/or disturbances in variables; part II: Contemporaneous systems and part IV: Some notes on Tintner's statistical methods for system (i). Parts I & III written by Leo Hurwicz, see below. June 1946. 20p.

Anderson, T.W. & S. M. Samuels. Some inequalities among binomial and Poisson probabilities. *Proceedings of the Sixth Berkeley Symposium on Mathematical Statistics and Probability*, 1966, 1-12.

Arrow, Kenneth J. The firm in general equilibrium theory. Technical Report No. 3, Project on Efficiency of Decision Making in Economic Systems, Harvard University, May 1969. 70p. (Published in Marris & Woods, *The corporate economy*, 1971).

Arrow, Kenneth J. Utility and expectation in economic behavior. *Psychology: a study of a science*, vol. 6, 1963, 724-63.

Arrow, Kenneth J., Leonid Hurwicz and Hirofumi Uzawa. Constraint qualifications in maximization problems. *Naval Research Logistics Quarterly*, 8:2, 1961, 175-91.

Bajari, Patrick. Some issues in contracting with transaction specific investments (a preliminary draft). January 1994. 17p.

Balasko, Yves & Karl Shell. The overlapping generations model, II: the case of pure exchange with money; and III: the case of log-linear utility functions. *Journal of Economic Theory*, 24:1, 1981, 112-52; with errata sheet for Figure 7.1.

Basu, Kaushik. Globalization and labor standards. Occasional Paper No. 21, Bureau of Economic Studies, Macalester College, February 2005. 37p.

Beato, Paulina and Andreu Mas-Colell. On marginal cost pricing with given tax-subsidy rules., January 1983, revised October 1983. 22p.

Bhagwati, Jagdish. Environment and labour standards, and competition policy: the new issues before the world trading system. Occasional Paper No. 15, Bureau of Economic Studies, Macalester College, April 1995. 27p.

Boddy, Francis M. The market structure of banking in Minnesota. For the First Bank System, December 1976. 63p.

Boldrin, Michele and Fabio Canova. Equality and convergence in Europe's regions: reconsidering European regional policies. *Economic Policy*, 32, 2001, 207-53.

Border, Kim C. Stochastic dominance and choice of lotteries. Division of Humanities and Social Sciences, California Institute of Technology, Dec. 21, 1977, revised June 1, 1978. 21p.

Bosch, Antonio, Andreu Mas-Colell and Assaf Razin. Instantaneous and non-instantaneous adjustment to equilibrium in two-sector growth models. *Metroeconomica*, 25:2, 1973, 105-18.

Brown, Donald J. and Rosa L. Matzkin. Revealed equilibrium theory, October 1989. 14p.

Brownlee, Oswald. The effects of the Minnesota usury law on real estate trading, financing and construction, January 1976. 34p.

Brownlee, Oswald. The incidence of taxation: the effects of taxes on relative prices for products and resources, n.d. (likely early-mid 70s). 72p.

Brownlee, Oswald. Minnesota's new usury law: its effects on residential real estate trading and financing, January 1979. 23p.

Chari, V.V. & Larry E. Jones. A reconsideration of the problem of social cost. n.d., "presented Nov. 10, 1987 in Mpls." 33p.

Chipman, John S. Econometrics notes, (for Econ 8-211), 7 chapters, plus paper "Introduction to multivariate analysis in econometrics," October 1992.

Chipman, John S. Empirical methods in computable general equilibrium modeling." Introductory statement at the Round Table: The Payoff of Investment in CGE Modelling, Workshop on Issues in International Economics, July 1991, University of Konstanz. Paper No. 156, Sonderforschungsbereich 178, Universitat Konstanz, October, 1991. 25p.

Chipman, John S. Exchange-rate flexibility and resource allocation. *Flexible exchange rates and the balance of payments*, North-Holland, 1980, 159-209.

Chipman, John S. The foundations of utility. *Econometrica*, 28:2, 1960, 193-224.

Chipman, John S. International trade with capital mobility: a substitution theorem, 1970. 36p. (Published in *Trade, balance of payments, and growth: papers in international economics in honor of Charles P. Kindleberger*, 1971).

Chipman, John S. International trade. Paper No. 24, Sonderforschungsbereich 178, Universitat Konstanz, July 1987. 125p. (Published in *The New Palgrave: a dictionary of economics*, 1987).

Chipman, John S. Intra-industry trade in the Heckscher-Ohlin-Lerner-Samuelson model. Paper No. 72, Sonderforschungsbereich 178, Universitat Konstanz, July 1988. 17p

Chipman, John S. Optimal aggregation in large-scale econometric models. *Sankhya: The Indian Journal of Statistics*, 37, C:4, 1975, 121-59.

Chipman, John S. Stochastic choice and subjective probability. *Decisions, values and Groups*, 1, 1960, 70-95.

Chipman, John S. A survey of the theory of international trade. Technical Report No. 3, Department of Economics, University of Minnesota, May 1965. 274p. (Published in *Econometrica*, 1965-66).

Chipman, John S. The theory of exploitative trade and investment policies: a reformulation and synthesis. October 1971. 59p. (Published in *International economics and development: essays in honor of Raul Prebisch*, 1972).

Chipman, John S. & James C. Moore. Continuity and uniqueness in revealed preference. *Journal of Mathematical Economics*, 4, 1977, 139-162.

Chipman, John S. & Guoqiang Tian. Closed-form solutions of general intertemporal consumption-maximization models. *Mathematical modelling in economics: essays in honor of Wolfgang Eichhorn*, 1993, 95-109.

Chipman, John S. & Peter Winker. Optimal aggregation by threshold accepting: an application to the German industrial classification system. Paper No. 180, Sonderforschungsbereich 178, Universitat Konstanz, June 1992.

Chipman, John S. & Peter Winker. Optimal industrial classification: an application to the German industrial classification system. Paper No. 236, Sonderforschungsbereich 178, Universitat Konstanz, October 1994. 35p.

Chipman, John S. & Peter Winker. Optimal industrial classification by threshold accepting. *Control and Cybernetics*, 24:4, 1995, 477-94.

Chipman, John S. & Peter Winker. Optimal industrial classification with heteroskedasticity correction: an application to the Swedish industrial classification system. Paper No. 237, Sonderforschungsbereich 178, Universitat Konstanz, November 1994. 23p.

Christiano, Larry J. On the accuracy of linear quadratic approximation: an example. Graduate School of Business, University of Chicago, Sept. 1981, revised Nov. 1981. 73p.

Coen, Edward. Relative growth rates: the experience of the advanced economies. *Banca Nazionale del Lavoro Quarterly Review*, 105, 1973, 3-21.

Coen, Edward. A theory of bargaining with interpersonal comparisons of utility. *Southern Economic Journal*, 24:4, 1958, 389-97.

Cooley, Thomas F., Gary D. Hansen & Edward C. Prescott. An equilibrium analysis of idle resources and capacity utilization. October 15, 1993. 19p.

Cox, John C., Jonathan E. Ingersoll & Stephen A. Ross. A theory of the term structure of interest rates. Research Paper No. 468, Graduate School of Business, Stanford University, August, 1978. 77p.

Dantzig, George B. & Alex Orden. A duality theorem based on the Simplex method. N.d., probably early to mid-50s. 5p.

De Nardi, Mariacristina, Selahattin Imrohoroglu & Thomas J. Sargent. Projected U.S. demographics and social security. March 16, 1998. 27p.

Debreu, Gerard. Integration of correspondences. Center for Research in Management Science, University of California-Berkeley, May 1965. 46p.

Debreu, Gerard. Preference functions on measure spaces of economic agents. . Center for Research in Management Science, University of California-Berkeley, January 1966. 23p.

Diamond, Douglas W. & Phillip H. Dybvig. Bank runs, deposit insurance, and liquidity. November 1981, revised February 1982. 28p.

Diamond, P. Money in search equilibrium. Revised February 1982. (Presented as the Fischer-Schultz Lecture, Econometric Society Meetings, Amsterdam, 1981). 30p.

Diaz-Gimenez, Javier & Edward C. Prescott. Computable general equilibrium heterogeneous agent monetary economies. Research Department, Federal Reserve Bank of Minneapolis, May 1989. 16p.

Eichenbaum, Martin S. & Lars Peter Hansen. Uncertainty, aggregation and the dynamic demand for consumption goods, revised November 1983. 74p.

Fair, Ray C. Forecasts from the Fair model. Department of Economics, Princeton University, April 20, 1971. 7p.

Fan, Liang-Shing & El-Hodiri, Mohamed A. Informational efficiency of economic systems: a cybernetic approach. No date--likely 1971. 15p.

Fernandez de Cordoba, Gonzalo & Timothy J. Kehoe. Capital flows and real exchange rate fluctuations following Spain's entry into the European Community. *Journal of International Economics*, 51, 2000, 49-78.

Fudenberg, Drew & David M. Kreps. Learning and experimentation in games. Nov, 1987. 31p. "Very preliminary;" Note: "presented by Fudenberg in Mpls on 9 Nov 1987."

Fudenberg, Drew & David M. Kreps. Notes on learning, experimentation, and equilibrium refinements in signalling games. Nov. 1987. 16p. "(even more) preliminary and incomplete;" Note:: "presented by Fudenberg in Mpls on 9 Nov 1987."

Fudenberg, Drew & David K. Levine. Competition and equilibrium payoffs in repeated games. May 1989, revised September 1990. 46p.

Fudenberg, Drew & David K. Levine. The folk theorem with unobserved action. March 1988. 20p.

Gerard-Varet, L.A. & H. Moulin. An application of correlation to duopoly. Ecole Nationale de la Statistique et de l'Administration Economique, INSEE, 1976. 44p.

Geweke, John. On some financial sector models. University of Minnesota-Macro workshop, November 8, 1973. 10p.
